I have been a listener of XM radio for 1 and 1/2 years. I listen about 11 hours a day 5 days a week and as much as I can on the weekends. I have taken several long trips in that time and I can not begin to tell you what joy this service has brought me. I mainly stick to the music channels but the instant weather and traffic service can also be very useful. I am sorry that regular broadcast stations have degraded to the point that they are and are unwilling to provide a station worth listening to.

I believe that the Constitution of the United States of America states the freedom of Life, Liberty, and the Pursuit of Happiness and without my XM radio that would not be possible.
